Human health and the environment

Questionnaire results - General comments

- Not always clear what is the purpose/usage for the viewer/tab – more explanation needed
- Some criteria are not clearly described – more explanation needed
  - Calculation of data coverage, how is it done and calculation date
- More filters on SPO level or more information on SPO level - used for assessment (usedAQD)
- Add station type for quick identification (assessment)
- State when the viewer last updated
