# 10th IPR Technical Meeting-online
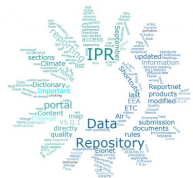

Jaume Targa– ETC/HE (4sfera)
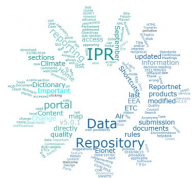

Up-To-Date resubmission

2   Update of UTD data

- EEA-ETC/HE continue supporting UTD exchange

- Two teams dedicated on UTD exchange

  - IT aspects

  - Communication and thematic

- Let us know how if we can help you

2   Update of UTD data – reminder!

- UTD is not just sending hourly data to EEA

- Important to schedule regular updates

- Remove errors & Outliers

- Fill in data gaps (if possible)

2   Update of UTD data – reminder!
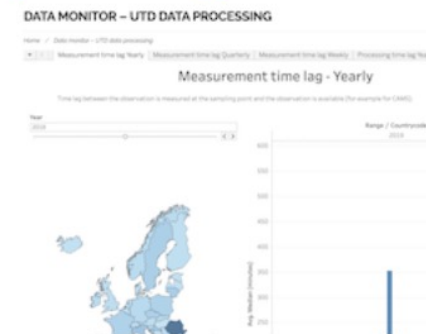

Follow and verify your UTD submissions

E2a data monitor

E2a data monitor – country & stations

E2a data monitor – data processing

UpToDate data

UTD viewer

Air Quality Index

2 Improve UTD coverage & quality

1. Timely submission of UTD data every-hour

2. Daily submission of data -> provide any updates

3. On-going re-submission to remove errors and outliers

Jaume Targa & Lorena Banyuls – ETC/HE
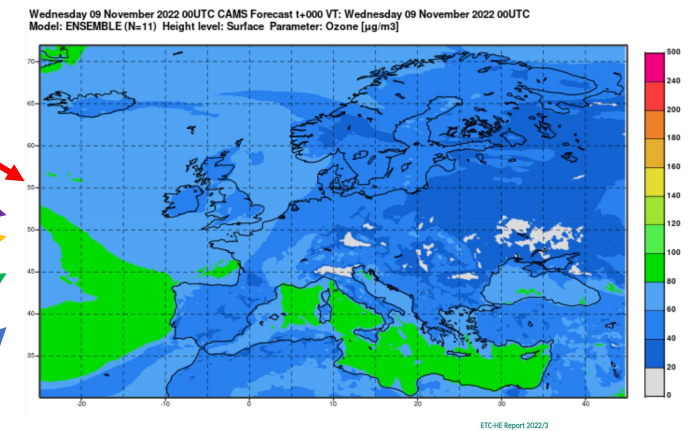

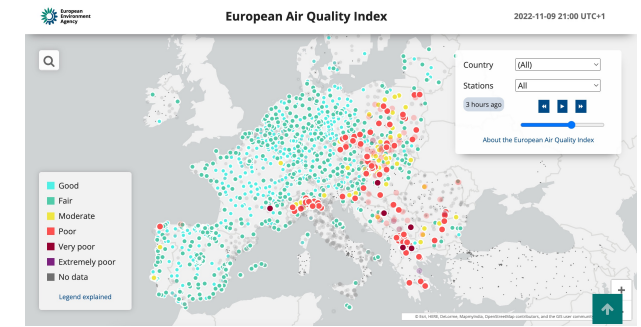

2   Improve UTD coverage & quality

4. 24 days re-submission of data

- Fill in data gaps

- Initial data verification

- Removal of erroneous data
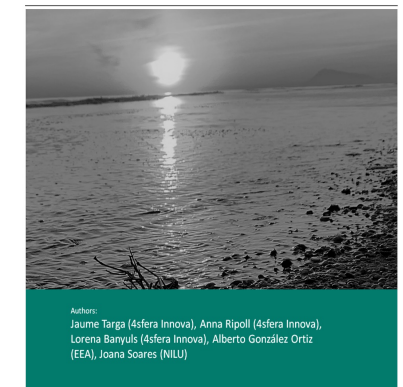

5. Yearly re-submission of UTD data – January XX+1

Jaume Targa & Lorena Banyuls – ETC/HE

2   Improve UTD coverage & quality

1.   Timely submission of UTD data every-hour

2.   Daily submission of data -> provide any updates

3.   On-going re-submission to remove errors and outliers

4.   24 days re-submission of data

5.   Yearly re-submission of UTD data – January XX+1

Jaume Targa & Lorena Banyuls – ETC/HE

3   UTD resubmissions – how?

- Firstly , what do we consider a re-submission

UTD

1.	Timely submission of UTD data every-hour
2.	Daily submission of data -> provide any updates

UTD resubmission

3.	On-going re-submission to remove errors and outliers
4.	24 days re-submission of data
5.	Yearly re-submission of UTD data – January XX+1

3   UTD resubmissions – how?

- Secondly , IT request that re-submission files are flagged in order to process them in a different queue

Option 1

1. Create a folder within FTP

Option 2

2. Use naming convention to distinguish them like

   - ResubmissionUTD_20221110T0044.xml

3   UTD resubmission – how?

- Thirdly , regardless of option 1 or 2…

For resubmission OF UTD (E2a), IT system prefers

<u>MANY SMALL FILES per SAMPLINGPOINT</u>

instead of ~~one big file~~.

-> better management of resources + scalability

UTD resubmission

Thank you for your attention!

Jaume Targa & Lorena Banyuls – ETC/HE
